Mystery Team Event in ENGLISCH

For international Teams

Programm-Idee

Our murder mystery games are special! As a participant in our crime challenge, you have the unique opportunity - perhaps even as a potential murderer - to playfully continue a crime story and create your own individual ending. The murder has not yet been committed. You might even be able to overhear the potential perpetrator in his nasty plans or catch him in the act to prevent the worst from happening! But of course this requires you to find out in good time what your fellow combatants are up to. Because under the "right" conditions, any of you could be capable and willing to commit murder, couldn't you?! You have the power to use other players for your purposes, to take revenge, to steal weapons and to decide who is lured into the trap and falls under the wheels! You...
